**RULES REGARDING PETS ON CONDOMINIUM COMMON PROPERTY
INCLUDING EASEMENT ALLIANCE PROPERTY, AND WITHIN MINORCA
CONDOMINIUM UNITS**

Pets are important and beloved members of many families. A vital element in allowing pet ownership in a condominium community is the establishment of firm guidelines to ensure that one Member's right to keep a pet does not infringe on another Member's right to peaceful enjoyment of his or her home. These standards also serve to protect and preserve the common property of Minorca.

Pets, birds, fish and other animals, reptiles or wildlife shall neither be kept nor maintained in or about the Condominium Property except in accordance with the following, in addition to the applicable terms of the Declaration:

1. Each Minorca unit owner or occupant may keep no more than two (2) household pets in his or her unit, limited to dog(s) or cat(s) with a total combined weight of not more than eighty (80) pounds at maturity, and provided that no pets are kept, bred or maintained for commercial purposes and do not become a nuisance or annoyance to neighbors.
2. No pet shall be allowed in the condominiums unless it is confined to the

Owner's Unit or kept on a leash when not within the Unit. Pets shall not be tied up or left outside the Unit. Pets shall not be kept in or on balconies when the Owner is not in the Unit. The keeping of a pet shall be deemed a privilege and no pet may be kept that causes unreasonable annoyance to neighboring Unit Owners.

3. Dogs and cats shall not be permitted outside of the owner's unit unless attended by a responsible person and on a leash. Dogs and cats shall only be walked or taken upon those portions of the Common Elements designated by the Association from time to time for such purposes. 4. In no event shall a dog or cat ever be allowed to be walked or taken on or about any recreational facilities (e.g., Casino Clubhouse, adjacent decks, pools, tennis courts, Fitness Center, etc.), the beach, the dunes areas, or Conservation easements areas contained within the MPOA Common Property. The EA or MPOA Board may designate a dog walk area (e.g., if there are excessive violations of the pet waste rules as stated above).
5. In addition to Item 1 above, fish, reptiles, or caged domestic (household-type) birds may be kept in the Units, subject to the provisions of the Declaration.
6. Guests are not permitted to bring a pet onto common property unless specifically invited by a resident and registered at the office. The total number, combined weight and other rules may not be exceeded by resident and guest pets combined in any Unit

**RULES FOR STORM SHUTTERS OR OTHER ALTERATIONS SPECIFIC TO THE
DUNES, THE HAMMOCKS AND THE PALMS ASSOCIATIONS**

A great deal of time, effort and careful consideration was employed in designing and constructing the Condominium Buildings. The architects and engineers studied and planned every detailed aspect of the building and homes contained therein. The Associations, the Boards of Directors, and all Unit Owners have a vital stake in ensuring that the integrity of design and beauty of the community, and thus its value, is preserved. For these reasons, any proposed alteration to the Condominium or any of its residences must be carefully considered and prior approval must be sought from the Association.

1. To avoid a breach of the waterproofing system installed to protect the exterior walls of Minorca buildings no Resident or Guest shall cause anything to be affixed or attached to, hung, displayed or placed on the exterior walls, doors, terraces, balconies or windows of any Building, including the individual condominium of a Unit Owner. Breaching the waterproofing system will create severe long-term damage to the building through salt and water intrusion causing rusting of the rebar and delaminating of the building's stucco.
2. Curtains and drapes (or linings thereof) which face on exterior windows or glass doors of Units shall have a uniform appearance and may be subject to approval of the Unit Owner's Association Board.
3. Unit Owners or occupants may install no additional air conditioning units.
4. No Unit shall have any aluminum foil placed in any window or glass door or any reflective or tinting substance placed on any glass, unless approved, in advance by the MPOA Board in writing. No unsightly materials may be placed on any window or glass door or be visible through such window or glass door.
5. Any Unit Owner who desires to perform any alterations to his or her unit shall request and receive prior approval from the Individual Association using the Association's request form. All required literature, specifications and pictures, as applicable, shall accompany the approval request.
6. Any Unit Owner who desires to install storm shutters on their sliding glass doors must request and receive prior approval from the Individual Association using the Individual Association's request form. Shutter installations must comply fully with the Individual Association's storm shutter specifications held in the Management office, including submittal of any and all required test data. Unit Owners are responsible for compliance with these requirements by their contracted shutter installers.
7. If the installation of a glass storm door at the front of a Unit Owner's entry door is allowed by a particular Association, the Unit Owner shall first receive pre-approval and ensure that such installation complies with all standards and specifications set by the Association's Board.

8. Unit Owners, who cause any alterations or installations to occur without the required approval, or any contrary to approved specifications, shall be required to remove the alterations or installations and restore the affected areas to their original condition.
9. Management will repair punctures in a building's external wall that were caused by a resident, and the cost of such repairs shall be paid by the resident or unit owner.

ENFORCEMENT

These rules and regulations shall be cumulative with the covenants, conditions and restrictions set forth in the Declarations of Condominium, provided that the provisions of same shall control over these rules and regulations in the event of a conflict or doubt as to whether a specific practice or activity is or is not permitted.
2. All of these rules and regulations shall apply to all Residents, Easement Holders, Lessees, Guests, Limited Easement Holders (IMV) and Occupants even if not specifically so stated in portions hereof.
3. Every Association Member, Resident, Easement Holder, Limited Easement Holders (IMV), Lessee or Guest who is entitled to use certain portions of the Common Property and facilities of the MPOA, Dunes, Hammocks or Palms Associations shall comply with these Rules and Regulations as set forth herein, and, with any and all Rules and Regulations which from time to time may be adopted and, with the provisions of the Declarations of Condominium, Bylaws and Articles of Incorporation of all associations.
4. Owners shall be responsible for the actions and behaviors of their Lessees and Guests as well as any damage caused by their Guests or Lessees to any of the common areas or common elements.
5. Failure of any Association Member, including Limited Easement Holders, Resident, Unit Owner or Guest to so comply shall be grounds for action, which may include, without limitation, an action to recover sums due for damages, injunctive relief, or any combination thereof.
6. In addition to all other remedies, in the sole discretion of the MPOA Board, Boards of Directors of the Individual Associations or the EA, a fine or fines may be imposed upon an EA Resident, Limited Easement Holder resident or Association Unit Owner for failure of Resident/Unit Owner or Resident/Unit Owner's Family, Guests or Lessee to comply with any covenant, restriction, rule or regulation herein, or stated in the Declaration, Articles of Incorporation, or By-laws, provided the following procedures are adhered to:

- a. **Notice:** An Enforcement Entity (EE), which shall be the MPOA Board, EA or a Board of Directors of any Individual Association, as determined by the location in which the infraction occurred, shall notify the Member in writing of the infraction(s). Included in the notice shall be a date and time of the next meeting at which time the Resident/Unit Owner shall present reasons why penalties should not be imposed.
 - b. **Hearing:** A non-compliance hearing will be held for the Resident/Unit Owner, either by the Enforcement Entity or a Hearing Committee it appoints for this purpose. At the hearing, the Member may present reasons why penalties should not be imposed. The Enforcement Entity will then decide what, if any, fines or penalties to assess.
 - c. **Fines:** The Enforcement Entity may impose fines against the Resident/Unit Owner up to \$100 per infraction or such greater amount as may be permitted by law from time to time. In the case of continuation of same violation after a notice thereof is given, it shall be deemed a separate incident, one (1) for each day of such continuation.
7. Fines assessed shall be paid to the operating account of the individual Association no later than thirty (30) days after notice of the imposition is made.
8. **Non-exclusive Remedy:** Fines shall not be construed as an exclusive remedy and will exist in addition to all other rights and remedies the Enforcement Entity is entitled to. However, any penalty paid by the offending Resident/Unit Owner will be deducted from or offset against any damages that the Enforcement Entity may be entitled to recover by law from such Resident/Unit Owner.
9. The Enforcement Entity shall be permitted (but not required) to grant to one or more Residents/Unit Owners, an exception from a specific rule or regulation upon written request thereof, and if, good cause is shown for such unique exception.

*These Rules and Regulations were Approved by all of the Association Boards of the Minorca Property Owners' Association, The Dunes, The Hammocks, The Palms and The Easement Alliance with an **Effective Date of ??**.*

The Association [IMV] shall not charge rent to Minorca or its assigns or sublessees for any of said boat slips (in excess of the pro-rata share of rent to the TIITF for the Marina Lease and pro-rata maintenance expenses), in that the consideration flowing from Minorca for said boat slips is set forth in this Agreement. Minorca may further assign, sublease or sell leasehold interests in the 26 boat slips to owners of residences ("Qualified Owner") within The Inlet PUD (more particularly described in Exhibit "B" hereto) including members of the Association [IMV], and within Inlet Villas Subdivision, as recorded in Map Book 42, Page 170-172, Public Records of Volusia County, Florida ("Inlet Villas"), at such price and upon such terms as Minorca deems fit. Minorca shall have the right to assign its sublease interest in individual boat slips to Qualified Owners and, at Minorca's request; the Association [IMV] shall enter into direct subleases for such boat slips with the Qualified Owners.

2. (Page 1557, #9): The Association [IMV] may, at its expense, install gates or other barriers at the two northernmost access points to the marina facilities, so as to prevent access to the marina from persons other than Association [IMV] members or their tenants. The Association [IMV] may at its expense also install a gate at the southerly access point to the marina facilities; however, any such gate shall be keyed so as to permit Minorca's sublessees or leasehold purchasers, and residents of the Inlet PUD and Inlet Villas, access to the marina facilities for the purpose of walking. Notwithstanding the requirement for uniform rules and regulations in this Agreement, Minorca may allow its sublessees, leasehold purchasers and residents of the Inlet PUD and Inlet Villas to fish from the southern most existing dock. All fishing and walking by persons who are neither members of the Association [IMV], nor lessees or sublessees of the of boat slips may from time to time be restricted by the uniform rules and regulations when necessary for the safety of persons and property, or to limit congestion during particular hours or days.
